The New Pension Law.

The recent act of congress granting pensions to persons who serve in the army or navy of the United States, is the most liberal and comprehensive law which has ever been enacted. The following is a synopsis

Sec. 1. Declares that any officer, noncommissioned officer, musician, private of regulars, volunteer or militia, or any person serving in the navy since the 4th of March. 1861, who has been or shall be disabled by a wound or disease contracted while in the line of duty, shall be placed on the list of invalid pensions. The pension for total disability shall be as follows: lieutenant colonel and all higher officers, \$30 per month; major, \$25; captain, \$20; first lieutenant, \$17; second lieutenant, \$15; non-commissioned officers and privates. \$8. Sec. 2. If any person has died since the ith of March, 1861, or shall hereafter die by reason of wounds or disease contracted while in the United States service and in the line of his duty, his widow, or, if there be no widow, his children under 18 years of age, shall be entitled to receive the pension until they arrive to 18 years of age.

SEC. 3. If any person has died since the 4th of March, 1861, or shall hereafter die by reason of wounds or disease contracted while in the service of the United States, in the line of duty, and has not left a widow or child, but has left a mother who was dependent upon him for support, in whole or n part, she shall be entitled to receive the full pension, and it shall commence from the day of such person's death. Sec. 4. If such person dies and has no

orphan sister who was dependant upon him, under 18 years of age, such sister or sisters shall be entitled to receive the pension until 18 years of age. Sec. 5. If such person is killed or shall die of wounds or disease contracted in the service of the United States, and leave no

widow, or child, or mother, then the father shall be entitled to the bounty and earnings due to said person at the time of his death. Sec. 6. Provides that the pensions grant ed by this act shall commence on the day of the discharge of such persons in all cases where the pension is applied for within one

Sec. 7. The fees of agents and attorneys for making out the papers to establish a claim for pensions or bounty lands, shall be \$5. Additional testimony when called for, \$1.50 each affidavit.

Sec. 8. Makes it a high misdemeanor to ask or receive more, and fixes the penalty at fine and imprisonment.

Sec. 9. Relates to the appointments of surgeons to make the biennial examinations. Sec. 10 Directs the Commissioner of Pen sions to furnish free of all expense to persons applying for pensions or bounties, all instructions and forms necessary to make out the claim, and in case such claim is allowed, to send to the applicant a notice of the amount allowed, and that such certificate is issued.

Sec. 11. Makes all claims for pensions, bounties, &c, payable at the pension office. Sec. 12 Repeals former laws.

Sec. 13. Authorizes the commissioner of Pensions to appoint a special agent to deect frauds upon the Pension Office, and preform other duties.

Such are the provisions of the late Pension Act. It possesses the new features of granting pensions to mothers and sisters who were dependent upon the dead soldier, and fixes a fee bill for Attorney's and Agent's services in soliciting pensions and other claims, and provides against frauds upon the Department and swindling the claimants themselves.

DR. JBOVEE DODS' IMPERIAL WINE

BITTERS

WE CHALLENGE TEE WORLD THEIR EQUAL!

We do not profess to have discovered some Roots "known only to the Indians of South America," and a cure for "all discuses which flesh is helr to," but we claim to present to the public a trilly valuable proparation, which every intelligent Physician in the country will approve of and recommend. As a remedy for

Weak Lungs, Indigestion, Dyspersia, Diseases of the Nervous System, Paralysis, Piles, Diseases peculiar to Females, Debility, and all cases requiring a Tonio, UNSURPASSED!

For Sere Threat, so common among the Clergy, they are truly valuable.

For the aged and infirm, or for persons of a weak constitution—for Ministers of the Gospel, Lawyers, and all public speakers—for Brock-Keepers, Tailors, Seanstresses, Students. Artists, and all persons leading a sedentary life, they will prove truly beneficial.

As a Baverage, they are wholesome, incocent, and delicious to the tasts. They produce all the oxhiliarating effects of Brandy or Wine, without intoxicating; and are a valuable remody for persons addicted to excessive use of strong drink, and wish to refrain from it. They are pure and entirely free from the polson contained in the adulterated Wines and Liquors with which the country is shooded.

These Situers not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen and temperance advocates, as

Physicians, Clergymen and temperance advocates, as an act of homanity, should assist in spreading these truly valuable BITLERS over the land, and thereby essentially aid in banishing Drunkenness and Disease.

The News.

The intelligence looks more favorable from the army in Virginia. Heavy reinforcements of veteran troops have reached Gen. Pope. Our army still holds the battle ground in front of Centerville. We can and ought to mass troops faster than the enemy, and our army is near its base of supplies, while that of the enemy is distant. A greater struggle is impending than any heretofore. Let us hope for victory.

Cincinnati appears to be in danger, but we have confidence that Ohio and Indiana will protect it.

The statement that the New York Tri bune has been closed for publishing "a horrible rumor about McClellan," is of a doubtful character. The only "borrible rumor" about him that we have heard of the army of Virginia.

Our statement yesterday will therefore admit of the qualification that the whole dose is a "steep" one. Certainly there is enough in it, if it is well shaken! up, to be generally unpalateable.

DEPARTURE OF LIEUT, HARLOW'S COMMAND.

Within the last two weeks a company of young men have been recruited in this city, by Lieut. Harlow, for the 12th Wisconsin Battery, who left, yesterday, for their duties in the field. More than ordinary interest is centered in this company, since it is composed of the flower of our young men. They come from the business and industrial walks of life, renouncing good salaries, comfortable homes and troops of friends, to take part in the defence of their country and its flag; and for this to brave death in camp and on the field, and to endure all the privations of a soldier's life. They are all well known in the city, and many of them have grown up here from boyhood. For intelligence, moral worth and capacity to become useful and honored citizens, they have not been exceeded by any body of men of a like number who have left this city, or even the state, to take part in the perils and glories of the war. On this account, and perhaps also because the sacrifices of this war are coming more and more home to us as palpable realities, the occasion was marked by universal interest and a depth of feeling not before experienced by our people. Hence, in the atternoon, nearly the entire population of the city was found on the public square and the streets adjoining, to bid the boys good bye, and escort them to the cars.

the square, and for an hour their friends crowded around, taking leave of them, of hope and encouragement, and bidding them God-speed. During this scene the among the people present, were filled with the inspiring music and the large concourse | a few days ago, and since that time guards a gay and exhilirating appearance, there were many heavy hearts there, and the with it. Whatever was the cause, the feeling manifested towards these young men was tender and fervent-more like grief than the joy and confidence which should crown warriors going assuredly to a field of victory. It appeared in reality like a sacrifice of our best jewels upon the altar of a | The most of the companies are getting suffering and imperilled country. We trust | them for cooks, drivers, &c. PHILADELPHIA, Sept. 1. The rebels occupy the outer extremity of the old Bull Run battle-field at present, their front being at the farthest point of the old field. They hold their old rifle pits, and they are bold and unpudent. Gen. Taylor's New Jersey brigade has not been in this fight. Several hundred of its men who were taken prisoners have been paroled. It has not suffered as much as is generally believed,

A very intelligent prisoner, a commissioned officer, told me that Stonewall Jackson made an address to his army day before yesterday, in which he urged his men to stand firm and fight their last battle, for if they were beaten, then the confederacy would be lost. This man also reports that in Friday's battle Jackson had a narrow escape from capture.

AFTERNOON DISPATORES.

CINCINNATI, September 2. Business is entirely suspended. Street nilroad care have stopped running. . Good deal excitement, but no panic. People are quietly, but actively organizing for defense. No male citizen allowed' to leave the city. Our troops are preparing to evacuate Cynthiana. Humphry Marshall reported approaching that place from Piketon.

WASHINGTON, September 1. A gentleman who returned from the battle field this a. m., reports that in Saturday's fight, our left wing was commanded enfilading fire of the rebels he was compelled to fall back. Gen. Sigel commanded

enemy in the woods, from which the latter opened numerous batteries, causing great slaughter. The rebels suffered equally, as our own troops. Our men, fearless and determined, fell back about a mile, leaving the dead and wounded on the field. Our informant says that our main forces were five miles from Centerville, on Sunday, in battle array and prepared for all emergencies, having been strongly reinforced. All the wounded had been removed from the fields of Thursday and Friday, which were yesterday still in our possession. The scene of the conflict of Saturday the enemy still occupy.

The cars came in this morning, from the first named field, bringing many wounded, some to Alexandria and others to Wash. ington. Many ladies have made liberal contributions from their private stores, and have been unremitting in their attentions to the wounded. In fact the people of this district are acting nobly and not a few men have volunteered as nurses.

Our informant when passing through Centreville, saw thousands of stragglers at that place, men of different regiments. Our informant returning to the city this morning, early, saw them all marching back to their respective regiments. They appeared hopeful and anxious to rejoin their comrades. Of the ambulances large numbers reached the battle field, yesterday, to bring away the wounded, when a stampede commenced among them. The drivers have turned the heads of their horses towards the road leading to Washington and commenced a hasty retreat with their empty vehicles.

The frightened drivers imagined that Gen. Stunrt's rebel cavalry was dashing up, and accordingly gave the alarm. The panic spread almost with the speed of electricity, and doubtless would have been prohaic of serious consequences had not the guards on the road rushed forthwith, pointed their guns, and threatened to shoot the drivers unless they returned to the field. This conduct on the part of the guards had the desired effect, as after awhile the ambulances again reached the field and performed their appropriate duty in bringing away the wonuded. There seems to be no doubt that the pickets of the enemy were hovering around the persons engaged in their humane work on the field, but up to an early hour this morning they had not teen interrupted. Ambulances are constantly arriving here with the wounded and a small proportion of the sick.

From all that can be gathered, we have suffered severely. Our men are confident of retrieving our loss of Saturday. It was owing to their impetuosity and daring in charging the enemy in the woods that they suffered so many causalities. A large number of stragglers on their way to Washington and Alexandria, were picked up by the rebels, during last night. There was on hand will be confiscated for sanitary no fighting of any consequence on Sunday, only occasional skirmishing, or a few shots poured into the woods from time to time on the enemy, as if to try the range of our guns. From the severe conflicts proviously, it was evident that both armics were engaged in repairing damages. About one o'clock, yesterday afternoon,

several trains of cars at Manassas Junction. with ammunition and stores, were burnt by the military authorities to prevent falling into the hands of the enemy, which seemed to be imminent, the bridge of Bull Run having been destroyed by the rebels, and the property, therefore, being cut off CHICAGO, Sept. 2d.

Pacific Railroad met at Bryan Hall at noon to day. Gen. Curtis was chosen temporary chairman by acclamation. The News.

The 'intelligence looks more favorable from the army in Virginia. Heavy reinforcements of veteran troops have reached Gen. Pops. Our army still holds the battle ground in front of Centerville. We can and ought to mass troops faster than the enemy, and our army is near its base of supplies, while that of the enemy is distant. A greater struggle is impending than any heretofore. Let us hope for victory.

Cincinnati appears to be in danger, but we have confidence that Ohio and Indiana will protect it.

The statement that the New York Tri bune has been closed for publishing "a horrible rumor about McClellan," is of a doubtful character. The only "horrible lately, was that he was to take command of department, and his assistants John Belton the army of Virginia.

exceptions to any discrimination in the delegates to the democratic state convention, and one of the delegates indeed claims they are all alike. Our statement yesterday will therefore admit of the qualification that the whole dose is a "steep" one. Certainly there is enough in it, if it is well shaken up, to be generally unpalateable.

THE INDIAN WAR .- The St. Paul Pio. neer of the 31st says it has nothing of im portance from the command of Col. Sibely, which is in pursuit of the Indians, who are supposed to have gone toward Big Stone lake. It is believed by those best acquainted with the Sioux that they will make a stand and fight a battle before they will allow themselves to be driven. The Pioneer says the raid is checked, and nothing now remains but to pursue and punish the murderers.

JANESVILLE, Aug. 27, 1862. Mrs. A. W. HATHAWAY, Janesville.

DEAR MADAM: - This command has the pleasure of acknowledging receipt of a of a package of beautiful badges, and please accept the thanks of the 12th Wisconsin Battery.

Rest assured that so far as in us lies, we, one and all, will do our best to unite all parts of our divided country, under the "Old Flag." Yours respectfully, Thomas Croft, A V Wickoff, E. G. HARLOW,

1st Lieut. 12th Battery.

PREPARATIONS FOR THE DRAFT .- J. H. French, commissioner appointed to auperintend the draft in this county will attend in this city, on Thursday next, commencing at 9 o'clock A. M., to hear excuses of persons claiming to be exempt from military duty, from the towns of La Prairie, Rock, Plymouth, Spring Valley, Magnolia, Center, Janesville, City of Janesville, Harmony, Johnstown, Lima, Milton, Fulton, Porter and Union, and continue his attendance as such commissioner for the period

of eight days. The Buffelo Express has seen a private letter from Gen. Banks' army, which states that during the battle of Cedar Run the former sent to Gen. McDowell, who was about a mile in his rear, for succor: and that Gen. McDowell's reply was substantially this: "Tell Gen. Banks that I receive my orders from Gen. Pope, and that, if he has precipitated himself into trouble, he must get out of it the best way he can." | man, woman and child in the city:

DEPARTURE OF LIEUT. HARLOW'S COMMAND. Within the last two weeks a company of young men have been recruited in this city. by Lient. Harlow, for the 12th Wisconsin

Battery, who left, yesterday, for their duties in the field. More than ordinary interest is centered in this company, since it is composed of the flower of our young men. They come from the business and industrial walks of life, renouncing good salaries, comfortable homes and troops of friends, to take part in the defence of their country and its flag; and for this to brave death in camp and on the field, and to endure all the privations of a soldier's life. They are all well known in the city, and many of them have grown up here from boyhood. For intelligence, moral worth and capacity to become useful and honored citizens, they have not been exceeded by any body of men of a like number who sacrifices of this war are coming more and occasion was marked by universal interest and a depth of feeling not before experienced by our people. Hence, in the after-

ind escort them to the cars.

crowded around, taking leave of them, pressing them by the hand, speaking words of hope and encouragement, and bidding them God-speed. During this scene the boys bore themselves cheerfully and well, though feeling was evidently struggling in their breasts, as friend after friend parted with them—with some perhaps forever. Many eyes unused to "the melting mood," among the people present, were filled with ears. Notwithstanding the waving flags, the inspiring music and the large concourse gay and exhilirating appearance, there | east. were many heavy hearts there, and the crowd was oppressed by a solemnity unusual at such a time. Perhaps the news of the day, and the clouds which overspread the prospects of the country, had much to do with it. Whatever was the cause, the feeling manifested towards these young men was tender and fervent-more like grief than the joy and confidence which should crown warriors going assuredly to a field of victory. It appeared in reality like a sacrifice of our best jewels upon the altar of a suffering and imperilled country. We trust it may not be so, but such, nevertheless, was the prevailing apprehension, and this very much toned down and repressed the enthusiasm of the occasion.

The escort from the public square to the cars was formed in the following order: 1. Beloit Brass Band, James Hatch leader.

2. Mayor, Common Council, and Sack company.

3. Water Witch Engine company, No. 2. 4. Rescue Hook and Ladder company.

5. Washington Engine company, No. 3.

The cars that came on last evening from Decatur were loaded with cotton and contrabands. About 200 negroes came on one train, and the cars that left here for Corinth vesterday took 500 of them west. There is a good deal of excite ment here, but preparations are being made for the defense of the city. General Lew Wallace has assumed command of the troops here. Regiments are arriving and en route.

PHILADELPHIA, Sept. 1. The New York Tribune's reports of the second battle produced the greatest excitement in this city upon being posted on the bulletin boards. In some cases altereations occurred between the excited friends and opponents of Gen. McClellan. About noon Tribune's dispatches were torn from boards, upon information being received that the government had ordered the Tribune office to be closed in consequence

CINCINNATI, Sept. 2.

Martial law is declared. The undersigned, by order of Maj. Gen. Wright, assumes command of Cincinnati, Covington and Newport. As soon as possible, they will then be assigned to their work.

This labor ought to be that of love, and the undersigned trusts and believes that it will be so; anyhow, it must be done. The unwilling promptly visited. The principle adopted is, Ottizens for labor, Soldiers for the battle.

The corridor and passages of the capitol will be occupied for hospital purposes. There is no truth in the report that Gen. Rearney is NEW YORK, Sept. 2.

Tribune's Washington correspondent .-It is generally conceded that Gen. Pope somewhat exaggerated our loss in the dispatch fixing it at 8,000 in killed and woundtally wounded in the battle of Saturday, ed, and decidedly exaggerated the enemy's loss in placing it at double that number. The record of all the battles, including that of Saturday, will show, as it is thought, a loss of from ten to twelve thousand at least, on our side, in killed, wounded, and prisoners. The loss of the enemy is thought to have been less, since they fought much as usual, behind cover. Many of our artillimmedia lery horses, at which the enemy directed Wilkes.

The republican electors of the town of The Blood is the Life.—No more shall the poor sufferers in our country languish, their constitutions racked and form by strong and dangerous mineral medicines; they will come to the fountain of health, found in simple herbs and roots from nature's storehouse. THE MOUNTAIN HERB PILLS, of innocent mountain plants composed, will reach and stop their distress, and cause the blood, renewed and cleansed, to carry through the body the elements of health; building up the broken constitution, and carrying life and health, where but for them would have been the wreck of hope—the feeble mean of suffering, at last ended by the cold hand of death. Do not let prejudice evercome your butter reason; do not look upon these Pilis as only like others; do not let your despair, after trying everything else prevent you from trying these. The blood must be pure, and then sickness is impossible. What a great and yet simple truth is this! it appeals to the common sense of all; it is the great key-stone of the healing art. JUBSON'S MOUATAIN HERB PILLS will purify and cleanse it as sure as the sun will rise tomorrow. Rock are requested to meet at the Brick School House, near Dea. J. F. NEW YORK, May 1, 1661.

Mr. Wm. T. Cutter, Jr., Learnile, Ky.—

Bear Sire—The great ditheulty experienced in procuring Brandy sufficiently pure for incidenal purposes, has induced many of the physicians of this vicenity to adopt Bourbon Whisky as a rul stitute, both in the hospitals and private practice; and, since the latter her come into such general use, we have reason to believe that a great deal now sold is of very inferior quality. Presuming that your residence in the vicinity of the manufacturers of Whisky in Kentucky, as well as John skill as a chemist, will enable you to select a reliable article, and having full cendidance in your integrity, we are led to enquire whether you will not add us in having this market supplied, through an Agency, with the best quality of Puro Old Bourbon Whisky for the tree of the elek. The Blood is the Life.—No more shall the poor sufferers in our country languish, their constitutions racked and term by throng and dangerous mineral medicines; they will come to the fountain of health, found in simple herbs and roots from nature's storehouse. THE MOUNTAIN HERB PILLS, of innocent mountain plants composed, will reach and stop their distress, and cause the blood, renewed and cleansed, to carry through the body the elements of health; hullding up the broken constitution, and carrying life and health, where but for them would have been the wreck of hone—the fuelbe mean of suffering, at last ended by the cold hand of death. Do not lot prejudice overcome your better reason; do not lot open these Pills as only like others; do not let your despair, after trying everything else prevent you from trying these. The blood must be pure, and then sickness is impossible. What a great and yet simple truth is this! it appeals to the common sense of all; it is the great key-stone of the heating art. JUDSON'S MOUNTAIN HERB FILLS will purify and cleanse it as sure as the sun will rise to morrow.

Our No. 3 machines are especially adapted to all

in Carriage Trimming, Boot and Shee Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and luber is very great. The table under these machines is 24 inched tong, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all attention of Yest Makers and Dress Makers, and an those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have made the above Reduction in Prices with The public have been swindled by spurious machines made in initiation of ours. The motal in them, from the iro casting to the smallest piece, is of poor quality. Their makers have not the means to dotheir work well. \$91 and \$105 Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badiy Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: extensity of correct action at all raises of speed, simplicity of construction, great durability and rapidity of operation, with the least labor. Machines to combine these essential qualities, must be made of the best metal and finished to perfection. We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at rapid as well as slow rates of speed, but least long in the finest possible working order. Our machines, at made by us, will carn

ing order. Our machines, as made by us, will earn more money with less labor than any others, whether inimitation of ours or not. In fact, they are cheaper than any other machine as a gift.
